Avalon Golf & Country Club
Bois Cheri, Bois Sec

About

Set in the heart of stunning natural surroundings, Avalon Golf Estate is the first “in-land” 18-Hole Championship Golf Course in Mauritius. Recently nominated as a finalist in the category of “World’s Best New Course” at the 2016 World Golf Awards, Avalon truly is a “must-play” when visiting Mauritius. The course features undulating, windswept terrain and ravine style landscape, it has been sculpted in idyllic surroundings, combining tea plantations, rivers, ravines and a sweeping view of the Southern coastline.

Designed by world-renowned South African Golf Architect Peter Matkovich, our 18-hole international standard golf course has been designed in such a way as to foster and bring out the natural indigenous fauna and flora of the untouched South. The Golf Course covers some 112 hectares of land (out of 220 hectares of the entire estate). The natural contours and undulations of the landscape not only enhance the course but also bring character to the game.

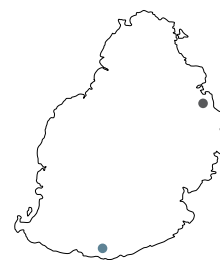

6,318m in length, the course is set on the highland and the wind will have a great influence on the way the course plays every day, providing golfers with a different course in different wind conditions

The layout was planned with the South-East Trade Wind in mind. All par 3’s and par 5’s play in different directions, thus providing the golfer with varying conditions throughout the round.

Avalon is more than just a golf club, it is a family friendly destination. The Clubhouse is erected on three different levels and overlooks the initial holes of the golf course as well as the 18th. With a 250 seater restaurant on site, 22m swimming pool, tennis courts, beach volleyball, children’s playground & games room as well as footpaths and jogging trails Avalon Golf & Country certainly offers something for all age groups.
